GK ASSOCIATES, INC.

Company Overview

Continuous Emission Monitoring Systems offerings

- ◆ ***CUSTOM CEMS ENGINEERING INSTALLATION*** -Design and build custom CEMS, data acquisition and control systems (DACS), ambient monitoring systems and solutions for many other environmental applications. GK Associates is an *Independent Service Organization* (ISO) and we are experienced with many different CEM systems.
- ◆ ***RENTALS, LEASING AND PARTS*** - Preconfigured and custom systems for temporary monitoring needs. Useful for SRC modeling emissions profiling and provisional CEMS requirements.
- ◆ ***MAINTENANCE AND SUPPORT***- Custom solutions for hardware and software upgrades, computer and emission reporting software consulting. Customized support agreements for maintenance planning.
- ◆ ***DATA ACQUISITION AND CONTROL SYSTEMS*** - Turn-key modernization for aging DAS including user-friendly Windows based software, PLC or Data Logger hardware, installation and operator training.
- ◆ ***SYSTEM CERTIFICATION SUPPORT*** - Expert assistance with Relative Accuracy Testing, Quarterly Calibration Gas Audits and other government reporting requirements.
- ◆ ***QUALITY ASSURANCE PLANS*** –Expertise in the development and maintenance of the Quality Assurance Quality Control Plans (QAQC) which describes the quality assurance plan (QAP) for the CEMS in detail.
- ◆ ***PROJECT MANAGEMENT*** -Assistance for additional or first-time installations in order to minimize frustration dealing with manufacturers' representatives and ensure proper equipment specifications and successful installations.

... and many other expert environmental services. We have provided services and measurement solutions to many industries including utilities, waste, cement, boilers, and many others. Call or email us today to see how we can help you solve your toughest emissions monitoring applications.
